TO ENLIST MEN FROM COUNTRY

TABLE IN COURTHOUSE YARD SATURDAY

MEMBERS TO PLAY POLO

Armory to be Equipped With Gynasium Material and There is a Shower Bath

A movement to secure men from the country around about Maryville for the local artillery battery of the Missouri National Guard that is being organized here will be carried on Saturday. A table will be placed on the courthouse lawn and Captain Eugene A Maynor and Lieutenant Rolf Raynor will be on duty to talk over the matter with the men who are interested and sign them up if they are willing.

At 2 o'clock this afternoon forty-eight of the required fifty men had signed up and there were other prospects. It is the plan to have sixty-five men in the organization. For this reason the movement for securing the men from the country will be made Saturday. Captain Maynor points out that the 1-hour drills once a week will not interfere with the work of the men on their farms. During the winter the drill periods will be from 7:30 o'clock in the evening until 8:30 o'clock and during the summer from 8 o'clock to 9 o'clock.

Captain Maynor said this morning that a band will be organized for the battery. Twenty musicians must be secured for this purpose and there may be as many as thirty. No man in a military band ranks lower than a first-class private and his pay will be $1.22 an hour for the time he puts in practicing. At least one practice a week will be held and it is probable that there will be more in the beginning. Instruments, instruction and uniforms are to be furnished free of charge by the government.

The captain said that the band would be raised in Maryville if a sufficient number of musicians can be secured and that if this was not possible then he would go outside of town to get the musicians. The battery will be equipped with a large truck and a Dodge Bros. touring car, so it will be possible to bring the men in for the rehearsals. In the case of high school boys who are musicans the age minimum of 18 years may be waved if the parents do not object.

The contract for the Dave Angell garage is to be sent away today to be approved by National Guard officials and will be returned within a few days to be signed here. Mr. Angell has already turned the keys to the building over to Captain Maynor.

The battery and its armory, field and equipment will be a source of considerable pleasure to the members Captain Maynor points out .The state furnishes full gynasium equipment, which will be installed in the battery building. The men will have access to these at all times during the day and evenings. Shower baths will be put in with hot and cold water at the place made for the washing of motor cars and will be used by the men. The battery will have its teams in various athletic activities. The gynasium will be the handiest one in town to the business section and will give the men an opportunity to spend a few minutes taking some good exercise at any time during the day that they desire it.

The range will be used as a polo grounds. The dimensions of such grounds is 300 x 150 yards and it will take at least this much ground for the range. The horses will be available at any time during the day and evening for polo playing and horseback riding, with the exception of the evenings when the drills are going on. A member of the battery will be allowed at any time when the horses are not in use totake two of them out-one for himself and one for his lady friend. On Sunday afternoons it will probably be necessary for him to speak ahead of time in order to secure his mounts.

Members of the battery will also he urged to use the horses for hunting and fishing trips.

Captain Maynor says that the only requirement to be made of the men in using the horses is that they bring them back in good condition and that they groom them properly. He says that if a man brings a horse in showing signs of rough use or overwork that his privilege will be withdrawn from him.

MAY OCCUPY COTTAGES IN PARK THIS FALL

With Oil Stoves They Will Be Comfortable—A Beautiful Place to Be.

It will be possible to use the summer cottages in the College Park during the fall term and if there is a demand for them they will be occupied the same during the fall that they were throughout the summer. President Uel W. Lamkin said this morning that the cottages would not be equipped for use in the winter time but that with the oil stoves that the College has for the houses it will be possible for people to live in the cottages comfortably during the fall.

The park, beautiful in the summer time, will be more so during the fall, after the frost comes, and it would be an attractive place to live until cold weather.

HARRY A. COLLINS HOLDING SCHOOLS OF INSTRUCTION

At Wilcox Last Night and Tonight Will Be at Parnell— Graham Lodge Installs.

Harry A. Collins, state grand instructor for the Odd Fellows and past grand master, is giving a series of schools of instruction among the lodges of the county. He was at Clearmont Tuesday night, at Wilcox last night and tonight he will be at Parnell. At the meeting at Wilcox last night a good interest was shown. About forty lodgemen attended. Refreshments consisting of ice cream and cake were served. Frank Orcutt, William Palmer, Harry Eads and Glenn Guthrie of Maryville were present at the meeting.

The Graham Odd Fellows lodge held its semi-annual initiation Tuesday night and installed Homer Brown as vice-grand and John Hatcher as noble grand.

IS FINE DAY FOR PICKING UP MUSIC BY RADIO

White Family Enjoyed It With Lunch Today—Heard Governor of Iowa Yesterday.

This is the best day for receiving messages by radio that has occurred here for months, according to Wilfred White of the Radio Supply Company. He says that it is because there is so little static in the air and remarks that he supposes "the stuff is all burned up from the hot sun."

At the home of Mr. White's parents, Mr. and Mrs. J. C. White, there was music throughout the noon hour today and it was much enjoyed. Wilfred picked up music from Denver, Rochester, Chicago, Detroit, St. Paul, Kansas City, Wichita, Omaha and Philadelphia. The radio outfit was in the living room and the family was in the dining room. The music could be heard distinctly.

During the noon hour yesterday the members of the family heard a talk by the governor of Iowa at Des Moines.

PAPER SAYS BERLIN IS NOT VILEST OF CITIES

Berlin, Aug. 24.—There is no reason for denouncing Berlin as the vilest place in Germany on account of its appalling number of gayety places, says the Neue Berliner.

Nuremberg, the famous town of the "Meistersingers" and the birthplace of Albrecht Duerer, relatively speaking, beats the record with; Beer restaurants, 1,533; wine restaurants, forty-nine; bars, twenty; cafes, eighty-two.

One ought to bear in mind that the population of Nuremberg is about one-tenth of that of Berlin.

PLYMOUTH LIBERALS NOT TO OPPOSE LADY ASTOR

London, Aug. 24.—"Because of her bold defense of womanhood and children Lady Astor is not to be opposed at the next Parliamentary election by the Plymouth Liberals."

Mr. G. P. Dymond, president of the Plymouth Liberals Association, made this announcement at a meeting of the association.

He regarded Lady Astor, he said, as an International Conservative, so far as English-speaking peoples were concerned.

"WIRELESS TRAPPERS" CAUGHT IN GERMANY

Hamburg, Aug. 24.—A secret wireless station was detected here by the police. The owners, two Hamburg engineers, picked up Stock Exchange news from the air and sold their information to stockholders and banks for enormous prices. A New York flash cost the clients about 10,000 marks. The operators are said to have give exceedingly good "tips."

Harley Seymour of Fairfax was a business visitor in Maryville today.

J. L. KRAFT WRITES OF TRIP IN EAST

HAS COME BACK AS FAR AS CLEVELAND, OHIO.

FOUND WONDERFUL ROADS

He and Mrs. Kraft Traveled Ohio, Pennsylvania, New Jersey and New York State.

J. L. Kraft, advertising manager for The Democrat-Forum, and Mrs. Kraft have just returned to Cleveland, O., from a motor trip through the East of nearly sixteen hundred miles. In a letter to The Democrat-Forum, Mr. Kraft says:

"Having just completed our motor trip of nearly sixteen hundred miles, the thought has come into my mind several times on this trip, that I would like to be able to transport all of the good people of Missouri that voted against the $60,000,000.00 Bond Issue for good roads in Missouri over this trip, and let them see the fine roads and the prosperous looking farms lining both sides of these roads.

"We traveled thru Ohio, Pennsylvania, New Jersey and New York State and were on hard surface roads on every mile of the trip. Leaving Cleveland, the road to Pittsburgh was all very fine Macadam or concrete with the exception of a short stretch between Beaver Fall, Pa., and Pittsburgh which an old trail that is macadam, but needs fixing over. From Pittsburgh to Philadelphia, the Lincoln Highway takes us thru the Allegahny mountains on a fine type of macadam and is well kept up by the State Highway Commission, in fact every few miles we would see men patching up any small holes or bad places in the road. Another good scheme they have all along the route is a system of telephone boxes placed every few miles, which are marked with a large sign stating that they are for the convenience of the tourists, so if one should have trouble along the line, you could rest assured that you would not have to go far to find a telephone. In addition to this service, there are gas and comfort stations on nearly every turn of the road where gas, oil and water can be had, and also light lunches etc.

"Leaving Philadelphia, we crossed the Delaware river on a ferry to Camden, N. J., and from there we found a new concrete road wide enough to accommodate six machines abreast, which runs to Atlantic City almost as straight as an arrow and about seventy miles long. We could spin along this road at 40 or 45 miles an hour and hardly notice any vibration at all.

"From Philadelphia, we drove to Trenton, N. J., and then up to New York, spending two days at New York. Leaving New York, we followed the Hudson River to Albany and then turned West from there to Syracuse, Utica and Buffalo, and from Buffalo to Cleveland, they have just completed a new road which follows the shore of Lake Erie practically all of the way.

"We were very fortunate in not having many detours to contend with, and only had to make three detours on the entire trip, which were well marked and good roads.

"We saw cars from nearly every state in the Union on the highways and very very much surprised to find so few tourist having any car trouble or tire trouble."

Sincerely yours,

Louis.

ACCUSES HUGHES OF WHITE-WASHING NEWBERRY CASE.

Washington, Aug. 24.—Secretary of State Hughes was accused in the senate today by Senator Robinson, Democrat, of Arkansas of "skillfully whitewashing the Newberry case," in his recent letter in defense of Senator Newberry against charges of excessive campaign expenditures in the 1918 senatorial campaign in Michigan.

Bent Guests Leaving.

Mr and Mrs. J. C. Baird and children Enid Maurine and James of Chicago, who motored here ten days ago to visit Mrs. Baird's parents, Mr. and Mrs. Lincoln Bent, will leave tomorrow for a visit in Stanberry. They will also visit in Redding and Des Moines, Ia., on the return trip to Chicago.

R. G. Medsker, son of Mr. and Mrs. M. E. Medsker of Skidmore, was dismissed from St. Francis Hospital yesterday where he underwent a tonsil operation the day before.

ENGINEER HERE TO INSTALL BIG METER FOR CITY

Will Make It Possible to Tell How Much Water Is Being Used in Maryville.

Wynkopp Kiersted, consulting engineer from Kansas City, is in Maryville today to supervise the installing of a large meter which will be put in at the pumping station to measure the water which is sent to the city. The meter has been in Maryville about two months and was purchased at the cost of $208. Previous to this time there has not been an accurate way of measuring the water which was pumped to the city. The only means of measurement was to keep account of the time the pumps ran and measure by their capacity.

The new meter will measure the amount of water pumped into the city and it can be determined how much water is wasted or lost in the circulation through the city system.

IN CHARGE OF HERRIN MASSACRE INVESTIGATION.

Springfield, Ill., Aug. 24.—Attorney General Brundage and C. W. Middlekuf, assistant United States district attorney at Chicago, will have charge of the special grand jury investigating the Herrin massacre which begins at Marion Monday, it was announced today. Brundage received a letter from Pekin warning him to keep away from Williamson County.

Mrs. Charles Carter of Burlington Junction is visiting with Mrs. French Carter this week.

TODAY IS HOTTEST ONE THIS SUMMER

MERCURY 97 AT 1 O'CLOCK THIS AFTERNOON.

"COOLER" IS FORECAST

One Man Hopes That It Will Not Get Hot If This Is Only Moderately Warm.

Today is the hottest one of the summer so far. At 1 o'clock Col. J. R. Brink, official weather man looked at his thermometer and it stood at the 97 mark. This is the highest by one degree that we have had. It has reached 96 twice during the summer, however. The first time was June 23 and the next time was last week, when the mercury climed up to 96 on Wednesday.

The heat has been growing a little more intense for three days. Tuesday it went up to 90, yesterday it stood at 91 for a time and today it took the big jump of six degrees.

The forcast today offers some relief for tomorrow. It says that it will be "cooler tonight and tomorrow.

A Maryville man remarked today that the papers said last night that it would be moderately warm today. He said that if it is moderately warm today that he is in hopes that it does not get hot.

A woman leaned back in her chair and fanned herself saying that we had been foolish to rejoice earlier in the season about what a nice cool summer we are having. She said that we should have known that we would have to make up for it.

But hot as it is now there was a reason for rejoicing a part of the time this summer. June had its hot days but July was considerably cooler on the average than the usual July.

MAY CLOSE SOME OF THE MARYVILLE POOL HALLS

Licenses Cut Down to Six Month's Periods Last Night—Must Clean Up If Keep Open.

Mayor Fred P. Robinson issued a warning today that pool and billiard halls in the city may be closed at the end of a period of six months unless the owners were conducting a clean hall. The city commissioners passed an amendment to the billiard and pool hall ordinance last night providing that licenses will now be issued for a period of six months instead of a year as was previously provided.

A license for the pool hall owned by John Shonley at the Moose Cafe was renewed last night by the city commissioners for a period of six months.

There are a number of the licenses which will expire at the end of the six months period and Mr. Robinson said that unless conditions were cleaned up during this time it might be that the pool halls would be closed. There are six pool halls in the city.

MRS. McCLURG AT PINE BLUFF SUSTAINED A FRACTURED KNEE

Mrs. Murlan McClurg of Pine Bluff, Wyo., is suffering with a fractured knee which she received in a fall while attempting to head a cow. She will be confined to her home for some time. Mrs. McClurg is well known in and around Maryville, having lived here until four years ago, when she and her husband moved to Wyoming. Mrs. McClurg is the eldest daughter of Mr. and Mrs. Joe Chappell of this city.

Return From Lincoln.

Mrs. Helen Hopkins and her daughter, Miss Carrie Hopkins, returned yesterday from Lincoln, Neb., where they had been visiting Mrs. Hopkins' daughter, Mrs. C. W. Hudson, and family. On the return trip they visited relatives in Malvern, Ia.

Miss Bent to South Bend.

Miss Nina Bent will leave tomorrow morning for South Bend, Ind., to begin her second year as art supervisor in the public schools, after spending the summer vacation in Maryville with her parents, Mr. and Mrs. Lincoln Bent.

Road Case Postponed

The Elmo Grove road case set for hearing by the county court today was postponed until the regular September term. A petition was filed asking for the vacation of this road and a remonstrance was filed opposed to the closing of the road.

Gaylon Hughes, Harold O'Banion, Robert Aley and Forrest Howland motored to Clarinda today to attend the fair.

REV. COOPER'S FATHER DIES AT KANSAS CITY

L. B. Cooper Had Been in Ill Health for Some Time—Funeral to be Saturday.

H. W. Hull received word this morning of the death of L. B. Cooper at his home 3625 Tracy Avenue Kansas City. Mr. Cooper was the father of the Rev. J. A. Cooper, pastor of the Baptist Church of this city, who has been on a chautauqua tour this summer. The message stated funeral would be held at Kansas City Saturday.

Mr. Cooper was connected with the Commerce Trust company of that city. He had been in poor health for some time. He had frequently visited in Maryville with his son, the Rev. Mr. Cooper.

It is expected that several friends of the Rev. Mr. Cooper will go to Kansas City to attend the funeral.

ANTHRACITE PEACE SIGNS DISAPPEAR TODAY

Operators and Miners Going Home From Philadelphia—Another Conference in Illinois.

Philadelphia, Aug. 24.—All signs of peace in the anthracite coal controversy practically disappeared today. The operators have departed. Union officials are preparing to leave. President Lewis of the miners and Vice-President Phillip Murray remained.

Springfield, Ill., Aug. 24.—Frank Farrington, president of the Illinois miners, today called a conference of the Illinois mine local representatives to hear the reports of the Cleveland and Chicago coal conferences. The meeting will be held at Peoria on September 7.

Washington, Aug. 24—Proposed governmental investigation of the coal industry will be under way within a month, it was predicted today. The Winslow bill creating a federal coal commission to conduct a probe was sent to the senate following passage by the house.

TO ROUND UP I. W. W'S IN WESTERN STATES

Government Continues to Spread Net Today to Catch a Score of Alleged Radicals.

Washington, Aug. 24.—A roundup of I. W. W.'s in a number of Western states in connection with the rail strike disorders was decided upon by the department of justice, it was learned today. The bureau of investigation concluding an inquiry of several weeks supplies information to the state authorities which will make a basis for raids upon headquarters of alleged radicals.

Chicago, Aug. 24.—With William Z. Foster, radical leader, in custody, government agents today continued to spread net for more than a score of alleged radicals believed to htve participated in a red convention in the Michigan woods earlier in the week. Rose Pastor Stokes, wealthy New York socialist, was belived to have attended and is being sought here.

ORA HOWELL ARRESTED ON CHARGE OF DESTROYING FENCE

Ora Howell of near Elmo was arrested today on a charge of maliciously destroying a fence. Bail was given for his appearance in court at the September term.

OFFICIALS ARE STILL HOPING FOR PEACE

COMPARING CONDITIONS THOSE OF COAL MEN.

REJECT BIG 5 PROPOSAL

Traffic on Union Pacific Tied Up at Grand Island, Nebr., Following Threat of Shooting.

Washington, Aug. 24.—Although expressing disappointment at the apparent deadlock at the railroad conferences at New York, officials are still hopeful that a basis for peace can be reached. Officials drew a comparison to the negotiations ending the coal strike when operators withdrew from the faction standing pat for national agreement and signed separately, and suggest railroad officials wanting peace to break away from obdurate faction.

Grand Island, Neb., Aug. 24.—Traffic on the Union Pacific was completely tied up at this divisional terminal this morning by a walkout of forty engineers and firemen. The crews quit because of a reported threat of a railroad guard to shoot an engineer whom he charged spurted hot water and steam at guards in the yards.

New York, Aug. 24. — A majority group of the Association of Railway Executives today rejected by a vote of 254 to 4 the proposal of the "big five" train service brotherhoods, that the carriers and the nation-wide shopmen's strike by reinstating the men with seniority unimpaired. Bert M. Jewell, official spokesman for the strikers, declared the association had closed the door to peace and voted for a lock-out to smash unionism.

Splitting away from the majority was a group of twenty-five railroads, principally Western lines, which debated a new suggestion of the brotherhoods that individual settlements be effected. This minority, while professing to stand with the majority on seniority, indicated that it desired to hear further regarding the individual settlement suggestion.

Topeka, Aug. 24.—The Rock Island is completely tied up at Harrington, a division point, according to reports reaching here today. A general strike occurred following shooting last night of a fireman by railroad detectives.

New York, Aug. 24.—Secret negotiations between mediation committee of five brotherhoods and a committee of executives representing about a score of railroads were in progress today in an effort to reach a settlement of the shopmen's strike.

CONDEMN PLACARDS ON VETS' MONUMENT FENCE

Urbana, Ohio, Aug. 24.—"They might as well tack their signs on our tombstones out at the cemetery," exclaimed one of a number of veterans of the Civil War who voiced objection to the display of political banners and other advertisements placed on the fence surrounding the Soldiers' Monument on the city square here. Other local citizens joined, and political candidates promptly had the signs removed.

CINCINNATI SOLVES ITS HEAVY TRAFFIC PROBLEM

Cincinnati, O., Aug. 24.—Following weeks of agitation concerning the use of a new asphalt streets in Cincinnati by heavy trucks it was discovered that a regulartory ordinance already existed. I was decided to put the forgotten law into practice at once. Meanwhile truck owners held a meeting and voluntarily agreed to divert heavy traffic over granite and cobblestone streets.

CONSTITUTION WORK MAY WAIT

Judge Lucas's Resolution to Recess to Come Up Next Tuesday.

Jefferson City, Aug. 24.—Judge John H. Lucas of Osceola offered a resolution in the state contitutional convention yesterday for a recess from September 2 to November 12. He asked that the resolution be considered next Friday. This was subsequently amended so as to postpone consideration until Tuesday of next week.

Judge Lucas said he believed such a recess would have a beneficial effect upon the work of the convention since by November 12 the election will have passed and the issues no longer will be present to distract the attention of the members from the work of revising the constitution. Without objection, the resolution was made a special order for next Tuesday.

UNSHAKEN TESTIMONY.

Time is the test of truth. And Doan's Kidney Pills have stood the test in Maryville. No Maryville resident who suffers backache, or annoying urinary ills can remain unconvinced by this twice-told testimony.

Mrs. J. B. Kissinger, 904 East 4th St., Maryville, says: "I had been suffering with kidney trouble for some time. I had severe pains through my hips and was tried and weak. There were bearing down pains in my back and sides and I felt exhausted at times and could not rest at night. After using a few boxes of Doan's Kidney Pills I was greatly relieved, and my health began to pick up."

(Statement given October 2, 1912.)

On March 31, 1920 Mrs. Kissinger said: "I have not had a return of kidney trouble since using Doan's Kidney Pills. I am glad to say Doan's cured me and I wish to confirm my former statement as to the benefits obtained."

RED CROSS' TASK WITH EX-SERVICE MEN IS GREATER

Peak of the Service to Be Offered to Them Has Not as Yet Been Reached.

The main activity of the American Red Cross for the coming year will be the service in the interest of the ex-service men and women. This task is becoming greater instead of less, for the peak of disability on the part of ex-service men has not yet been reached, according to the Red Cross Courier which gives the figures concerning this work.

This fact has not been generally recognized, according to Miss Betty Turner, executive secretary of the Nodaway County Chapter of the American Red Cross, who says that the people can easily appreciate the nursing service of the Red Cross but fail to recognize that the main work of the past year and for the coming year is the service rendered to former service men and women.

The Red Cross Courier says that "The budget of the American National Red Cross for the fiscal year ending June 30, 1923, is $2,735,975.22 under the expenditures for the year ending June 30, 1922. The actual figures are $12,475,847.69 expended in the fiscal year 1921-22 and $9,739,872.47 appropriated for the year 1922-23. The complete statement with explanatory notes is printed in this issue.

"It will be noted that the main activity of the American Red Cross during the ensuing year, as in the year just past, is service in the interest of disabled ex-service men and women; and that while the budget as a whole shows the decrease from the previous years expenditure, the provision for service for the disabled during the current year is $365,560.84 greater than the amount expended out of the national funds for the same purpose in 1921-22.

The decrease in the grand total is due to the liquidation of the American Red Cross work in Europe and to curtailment of expenses of management, further construction of Division organization and other economics.

In connection with the expenses incident to work in behalf of ex-service men it is also to be borne in mind that the $3,030,692.90 contained in the budget does not include either Chapter expenditures for the same work nor an estimate of the value of Volunteer Service in Chapters. Approximately $10,000,000 is the yearly American Red Cross outlay through all sources in carrying out its obligation of assisting those who served the country in the World War. The task is becoming greater instead of less, for the peak of disability on the part of ex-service men has not yet been reached."

A New Cord Tire
for the Thrifty Buyer

Here are the features that make this the best tire value in its price-class.

Full 10% oversize—4 inch tires actually 4.4 inches. Slightly flat tread—rubber properly placed to give traction, long wear and easy steering.

Tread rubber extends from bead to bead resisting rut-wear and curb-wear.

Carcass of 1½ to 1⅝ inch long staple Arizona and Egyptian cotton. (Full ¼ longer than is ordinarily used in tires of this type—giving greater resiliency and tensile strength.)

Cured on air—pressure from within that minimizes the possibilities of hidden defects.

Cords are built up on the exclusive Goodyear "Group-Ply" principle which reduces the internal friction in the tire.

ONLY GOODYEAR CORDS HAVE ALL THESE FEATURES

And we have these new Goodyear Cross-Rib Cords for sale at prices usually asked for cord tires of unknown merit.

Come in Today. Let us quote on your size.

TO ENLIST MAN FROM COUNTRY

Continued from page 1

Captain Maynor is looking for a stable for the horses. This morning he went to the Bainum Bus barn and Dr. Cline's barn. He has not decided yet whether to take either of these. He has plans for the erection of a barn according to the government specifications. It would cost in the neighborhood of $4,000 to erect such a building.

As soon as the required fifty men are secured an inspector will be sent for and he will come here at once to look over the men and the armory. It will be necessary to get his approval before anything further can be done. The men will then be sworn in and the requistion for the horses made. Captain Maynor says that the horses should arrive here within two months and that they might even get here within a month. He says that when he organized the battery at Columbia he sent in his requisition for the horses in March and that they arrived in May. He says that the horses he asks for will be the cavalry type and that they will weigh from 900 to 1,100 pounds.

Following are the forty-three who have signed up for the battery:

Eugene Maynor, captain; Kyle Phares, first lieutenant; Rolf Raynor first lieutenant.

Cloys Appleby, Raymond M. Barry, Ray Van Bloomfield, Harold H. Byerrum, Edgar Copeland, Stephen J. Donahue, John M. England, Robert Garten, Wesley Hagins, Reuben A. Hall, Lawrence E. Hunt, Jack L. Jones, Everett A. Kendall, Frank B. Mapel, William L. Mapel, Dennis C. Morrissey, Harold R. O'Banion, Thomas O'Grady, Jack Pennington, Martin C. Penisten Dillard G. Roach, James L. Sherer, Forrest H. Woodard, Harlan G. Wray.

Samuel Parker Allison, Wilbur A. Allen, Porterfield Cockayne, Earl R. Gorton, Daniel F. Hunt, Harry N. Johnston, Lawrence R. Masters, Lewis M. Werth, Cliff M. Hull, Charles L. Greer, Lavern Robey, Cecil R. Reynolds, John L. Curry, John A. Ball, Brintnel R. Embree, Walter Smith, Daville Smith, Marvin Hs Crawford. Jack Tarpley, Jefferson E Dalrymple, Howell J. England, Paul Maxwell, and Ray Zimmerman.

Mr. Embree is the oldest man so far to sign up for the battery. He is forty-four years old.

"WHICH ONE SHALL I MARRY?" PLAYED BY ANGELL'S TONIGHT.

"Which One Shall I Marry?" is to be the feature play of the week for the Angell Comedians, showing in a tent on East Third street, and it is to be given tonight. This play has had a big run in the East. It is said to show the truth of life and the little shallow spots in character.

It is the story of a girl wooed by two men, one offering riches and the other offering love. The musical prologue is to start at 8:15 o'clock.

Return From Visit.

Mr. and Mrs. Rankin Lyle returned home last evening from a visit at Marshall, Mo., with Mr. and Mrs. M. J. Alderman, and from a visit in Adams County, Ill. They have been gone since March 18. Mr. Lyle said the Eastern part of the state was greatly in need of rain and that crops are badly burned up.

Women dig their graves with their teeth. Constipation is the greatest curse of the day. Stagnant decayed matter in the stomach and bowels may cause serious trouble. Take HOLLISTER'S ROCKY MOUNTAIN TEA for Constipation—Results guaranteed. Especially recommended for women and children.—Gaugh & Evans.

Miss Carpenter to Ohio.

Miss Lillian Carpenter, who has been spending the summer here with her parents, Mr. and Mrs. Lee Carpenter, left this afternoon for Canton, Ohio, where she will resume teaching in the public schools.

Guy Clayton of Greeley, Colo., who has been spending a few days here with his mother, Mrs. Elizabeth Clayton, and his sister, Mrs. D. M. Hughes and family, left this morning for his home. He will visit relatives in Iowa en route to Colorado.

The Leets are Home.

Mr. and Mrs. T. H. Leet and three children returned last evening from a visit with Mr. Leet's mother at Laddonia, Mo., and with Mrs. Leet's mother at Agency. They were gone two weeks.

Mother Why Is Daddy Always Too Tired To Play With Me?

Alice Brown's Father Waz Just As Sick As Daddy But Their Doctor Gave Him Some Of The Newer Form Of Iron And Now He Even Runs Races And Skips The Rope With Her

Mother Tells Remarkable Experience

"For months my husband had been ailing, complaining and doctoring. He was all run-down, nervous sick, and worn-out. In the evening when he came home from a hard day's work he was always too tired to go anywhere or even to enjoy life. After a chance remark by our little daughter, aged nine, I saw a special offer in the paper, telling how thousands of people are sick and ailing all the time simply because they do not have enough iron in their blood. I read how many of them were obtaining astonishing results with the newer form of iron which could be obtained at any drug store under the name of Nuxated Iron. I got a package from our druggist and my husband has been taking it for two weeks; the results are simply astounding. He looks and acts ten years younger and claims that he has more than doubled his strength, energy and endurance."

The above is a typical hypothetical case, showing the results that have been achieved by a great many people since we started this "satisfaction or money back" offer on Nuxated Iron, which contains the newer form of iron like the iron in spinach, lentils and apples.

If, after taking the two week's treatment of Nuxated Iron, you are not more than delighted with the results, we will promptly refund your money. Call at once for a bottle of Nuxated Iron at

NATURALIZED BOLSHEVIK YEARNS FOR NATIVE LAND

Ambridge, Pa., Aug. 24.—Utopia has not been found in Bolshevik Russia by foreigners who went back looking for it, according to Prof. G. Devich, a foreign banker, who has just returned from a tour of Europe. "They would give anything to return to the land of the free and the home of the brave," he said, "Their hopes are blasted, and they say America is the most blessed land anywhere."

JAILED AS DRUNK, HE TRIES TO DRINK INK

Cincinnati, O., Aug. 24.—White liquor and black ink seemed to attract each other in the case of Richard Warrner, twenty-three, a homeless negro, who was arrested the other morning for being drunk. While the desk sergeant was registering him the prisoner seized the inkwell and tried to swallow the contents.

Corn Is Still Our King

Forumettes

One of the futile things
On earth is trying
To fool ourselves into
Believing we are fooling others.

One of our lawyer friends who is always getting into trouble with the traffic cops says he supposes if he was driving his auto across the Sahara desert he would get arrested for parking in front of a fire hydrant.

The father who used to come in late at night and cry like the cat to fool his wife lives anew in the son who comes in late at night and stands in the lower hall reciting a bedtime story to make his wife think she had forgotten to cut off the radio.

There are two sides to every story. Your victory is some other fellow's defeat.

A Maryville girl whose mother objects to short skirts got around it by buying material she knew would shrink. The skirts were made of a length to meet mother's approval and after the first trip to the laundry suited daughter to perfection.

Uncle Abner says the automobile would not be half so dangerous if the horse sense of the drivers was in proportion to the horse power of the motors.

Have you ever noticed how the average individual likes to watch others work. Let a gang of men start to dig a sewer any place in Maryville or an artist start to paint a sign on a store window and a crowd soon collects to watch the work.

Louise, the stenographer, says it is always wise to know a bit more than you give people the impression you know.

The time the average Maryville man appreciates beauty undorned is when he gets the bill for his wife's new fall outfit.

A fool usually sits down and worries about the living the world owes him and his kind. The wise man hustles around and collects the interest.

Vagrant Musings.

Why do we so many times call a man a "poor fish" whose wife makes a goat of him.

There are perhaps a few men who earn more than they get.

The reason so many people's ships never come in is because they have delayed laying the keel.

When hope looks backward it becomes regret.

The early bird may get the worm, but who likes worms any way?

Famous Bores.

The fourth class of persons who have been listed by the editor of Forumetes among the six famous bores are those who drop in your home at meal time and refuse to budge so your wife can go to the kitchen and attend to her duties.

TOTAL ABSTAINER HAS BATTLE WITH SNAKES

Coffeyville, Kan., Aug. 23.—While plowing H. A. Tebo, a farmer, was nearly driven from the field by snakes.

Within ten hours he killed thirty-two of the reptiles, several of which gave him a real battle.

Tebo is a total abstainer, according to friends.

POLES SAY RUSSIANS TOOK CHURCH TREASURE

Moscow, Aug. 23.—The Polish Government has made complaint to Soviet Russia that Church treasures have been taken from Polish churches in Russia in violation of the Russo-Polish peace treaty.

Soviet Russia has replied that the treaty guarantees only equality in religion and not preferences.

TRUSTEE'S SALE.

Whereas, Lucy A. Jersey and Malday T. Jersey, her husband, by deed of trust dated March 21, 1921, and recorded April 14, 1921, in the office of the Recorder of Deeds, of Nodaway County, Missouri, in Book 136, at Page 292, conveyed to Orestes Mitchell, in trust, to secure the payment of the indebtedness in said deed of trust particularly described, the following described real estate situate in Nodaway County, Missouri, to wit:

The North Half (N½) of the Southeast Quarter (SE¼) of Section Two (2), in Township Sixty-six (66) North of Range Thirty-four (34), West, of the Fifth principal meridian.

And, whereas, the interest due September 21, 1921, on the note described in and secured by said deed of trust has not been paid and by reason of said default according to the terms of said deed of trust all of said debt has become due and payable.

Now, therefore, at the request of the legal holders of said note and in pursuance of the provisions of said deed of trust and the authority in me vested thereby, I will on Saturday, September 16, 1922, between the hours of 10 o'clock a. m. and 5 o'clock p. m., of that day, at the front door of the Court House in the city of Maryville, Nodaway County, Missouri, sell at public vendue to the highest bidder for cash the above described real estate for the purposes of said trust.

ORESTES MITCHELL,
Trustee.

VISITORS TO THE CEMETERY

usually most admire monuments of simple dignity and good taste. We are proud to say that very often memorials of our making are selected by visitors as the finest of all they have seen. Yet our work is not expensive. You will learn upon inquiry that you can procure a monument here for a surprisingly small sum considering quality stone and workmanship.

"WE HAVE NO AGENTS."

Maryville Granite Company

Mother-To-Be, Read This—

Here is a wonderful message to all expectant mothers. When the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined. An eminent physician, expert in this science, has shown the way. It was he who first produced the great remedy, "Mother's Friend." Mrs. C. J. Hartman, Scranton, Pa., says:

"With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I used Mother's Friend and had only a nurse; we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes.

Note: Write for valuable free illustrated book, "Motherhood and the Baby," containing important authoritative information which every expectant mother should have, and all about "Mother's Friend," to Bradfield Regulator Company, BA-23, Atlanta, Ga. "Mother's Friend" is sold by druggists everywhere.

NODAWAY COUNTY STEERS SCORE $10.40.

Ed Adkins, who is in the grain business at Clearmont, and also interested in farming and live stock feeding, was in St. Joseph Wednesday with a carload of cattle from his feedlots, good enough to top the market. There were sixteen head of Hereford and Shorthorn steers in the lot that averaged 1260 lbs. and brought the price of $10.40. Most of these cattle were raised, as well as fed on Mr. Adkins' farm near Clearmont. With the exception of a few head, no steers of their weight have sold higher on the local market this year.

George Carter, Nodaway County, sold a load of 1228 lb steers at $9.75.

Joe Holker, Nodaway County, cashed a load of 1035 lb steers at $9.50.

R. I. Bilby had in two cars of cattle on the market from Nodaway County. —St. Joseph Stock Yards Journal.

RAILWAY FIREMAN FROM PRATT, KANSAS, IN MARYVILLE TODAY

J. W. Carden Formerly Lived Ten Miles West of Here—Says engines on Roads in Bad Shape.

J. W. Carden, a former Nodaway County sailor who is now employed in the railroad service at Pratt, Kans., was in Maryville this morning consulting with Miss Betty Turner, executive secretary of the Nodaway County Chapter of the American Red Cross concerning application for the Missouri Soldier's Bonus.

Mr. Carden enlisted in the United States Navy from Maryville and has twenty-two months service to his credit. He formerly lived ten miles west of here. After leaving the navy he went to Kansas where he has been working since that time with the Railroads.

He is employed as a locomotive fireman and says that since the strike the engines which they are compelled to use are in a frightful condition and that one could hear the knock for a long distance. The men who are employed to care for the engine are inexperienced and cannot give them the proper care.

The crops in Kansas are in a fair condition, Mr. Carden said, but that the past few days have been hard on them. For the first time during his eighteen months in Kansas Mr. Carden said he experienced the much talked about hot winds during the past few days.

Mr. Carden will return to Pratt today.

MANY TOURISTS REGISTER AT PARK YESTERDAY

Groups From Town Also Had Picnic Suppers There—One From Oregon.

The Tourists Park had the largest number of out-of-town visitors yesterday that it has had for some time. And besides those who were passing through some groups from town had picnic lunches there last night.

L. W. Peters and daughter, Leona, accompanied by Miss Alberta Hadley of Des Moines were on their way from their home at Pittsburg, Kans., to Dallas Center, Ia.

Harry A. Collins, state instructor for the I. O. O.F. organization, and his wife and daughter are traveling all over the state of Missouri in connection with Mr. Collins' work. Their home is at Lamar.

Esther and Beulah Coon and Pauline John, all of Bedford, Ia., registered but did not state where it was that they were going.

T. R. Stafford of Forest Grove, Ore., was on his way to St. Joseph. He commented in the register that the park furnished an excellent camping ground.

R. L. Pratt of Shenandoah, Iowa, Ethel, Clara and Theodore Petty of Clarkdale Mo., were others who registered.

Dr. David Artz of theArtz Drug Co., Red Oak, Iowa, and daughter, Miss Adaline, who have been visiting a few days with Dr. Artz's sister, Mrs. J. A. Shullenberger and Miss Florence Shullenberger, left for their home Tuesday afternoon. They made the trip in their Nash car. Dr. Artz is a brother of Uncle Billy Artz, who worked on the Democrat staff for a number of years.

W. T. Key has been confined to his home with an illness for the past two weeks.

COOPERS GAVE COURSE TO FAIRBURY TEACHERS

Their Work Was Appreciated—Entertained at Dinner by the Teachers.

Mr. and Mrs. Bert Cooper of this city have been at Fairbury, Neb., conducting a short course in vitalized agriculture for Jefferson County teachers. A resolution adopted by the Jefferson County teachers expressed their appreciation to Mr. and Mrs. Cooper who so willingly and cheerfully gave their time in correlating their teaching with vitalized agriculture and making their course so very profitable.

Prof. and Mrs. Cooper of the State Teachers College and Miss Marie Fienny of Camden, N. J., and Supt. Eva B. Shuman of Fairbury were guests of honor at a luncheon given at Tuggles Friday evening by Miss Blanche Leighty, Elizabeth Torrey, Mrs. Lacy Clark, Lillie DeVore and Emma Harrington. The seventeen guests were seated at one table which was decorated in green and white, the Missouri State Teachers College colors.

Miss Emma Hull, society editor of the Maryville Tribune, and Miss Mae Howland will return tomorrow from Chicago where they have been visiting Mrs. W. L. McLaughlin for two weeks.
